 - Caterpillar, John Deere and/or Komatsu (mini excavators, small excavators from 7-18 metric ton to large excavators 20-65 metric ton)
 - Caterpillar D4 - D8 Dozer and/or John Deere 450-650 or equivalent and/or larger
 - Caterpillar, Hamm and/or Dynapac single/double drum packer
 - Caterpillar, Volvo and/or Komatsu 30 ton articulating rock truck
 - Caterpillar and/or Komatsu 908-980 size loader
 - Caterpillar 140s and Caterpillar 14H, 14M, 16H, 16M
- Be compliant with all regulatory requirements and established safe practices, such as; PPE, 3 point contact, lockouts and safe parking.
- Demonstrate skill in the identification of key hazards and use of strategies to work safely, such as; stability of soils, edges, excavations, stability of machine, and awareness of position, clearance, safe movement, other machinery/vehicles/workers
- Start-up and Shut down of equipment safely, by following comprehensive pre-operational checks, start-up and shutdown procedures.
- Maintain and monitor equipment, following maintenance procedures and monitoring gauges
- Clean heavy equipment as scheduled and/or required
- Advise the Foreman of any requirements for maintenance or repairs
- Practice workplace safety
- Understand ground disturbance permits & process
- Other duties may be assigned

REQUIREMENTS

- Minimum 3-5 years of relevant experience in heavy civil construction
- Certificated Heavy Equipment Operators preferred
- Must have a valid class 5 (or better) driver's license with clean drivers abstract
- Must be able to communicate well with co-workers
- Must be able to work under pressure
- Must be able to meet all safety requirements and applicable safety policies
- The successful candidate must successfully complete a site pre-access drug and alcohol test
- Ability to work cooperatively independently and with a team in a fast-paced and complex environment

WORK CONDITIONS

- Able to work shift work as required, including night shift
- Ability to work outdoors in all weather conditions
- The ability to stand, crouch and kneel for long periods of time.
- Manual dexterity, balance for working on scaffolding.
- Requires standing and bending over for extensive periods of time. Often requires crawling, climbing, grasping, kneeling, squatting, and twisting.
- Requires working at heights, climbing and descending ladders frequently.
- Candidates should be able to lift weight (50lbs), able to work on heights.
